

# Rock Solid...

Diamond Construction is celebrating 70 years of paving our roadways. As the third generation of the family business, Greg Miller (left) took over the company in 2000 when his father Charles retired. He has valued having his brother-in-law Jim Titus (right) working as the company treasurer, since 1994.

Diamond definitely has a family feel, and many of the employees have been with the company for decades. Pictured here is their full-time/year-round staff, but Diamond employs up to 30 people during the construction season.

The majority of Diamond's jobs are done for area municipalities like the City of Quincy and IDOT. You might know that Diamond does commercial parking lots too, but you may not know that you can call (217) 222-3532 for your residential driveway needs as well.

Greg remembers when his grandmother was doing Diamond's accounting the old-fashioned way out of her home in Elvaston, but in the mid-1990's when computers were coming of age,

Greg and Jim began doing their business banking in Quincy with First Bankers Trust.

Diamond moved to its current hot mix facility on Gardner Expressway in 2000 and valued having First Bankers Trust as their financial backer. Jim says, "First Bankers was just really easy to work with." As they have needed new heavy equipment over the years, Greg has been pleased with the bank's prompt service and is happy to add, "First Bankers has really helped us out."

From Don Gnuse and Art Greenbank, to Doug Reed, to the staff at the Kochs Lane location, Jim is pleased to say, "I go to the Kochs Lane location multiple times a day. Everybody is friendly, and the service is great. Nobody is afraid to hop up and help out, and that is something the bank should be proud of."

*We are happy to celebrate our 70th anniversary of quality service – just like Diamond Construction. Stop by one of our area locations today, and let's see how we can help you with your financial goals.*
