

The bad guys are trying to find ways to access personal information and take over accounts with new fraud schemes every day. Your bank takes steps to safeguard your personal information and keep your accounts safe from harm.

What steps can **YOU** take too?

- Quickly and easily enroll in our Online Banking at www.firstbankers.com. Also, download "FBTC Mobile" from your favorite mobile app store. Access all activity on your accounts 24/7 and it is **FREE**.

View account balances & transaction history

Receive account alerts when activity takes place

These are only two of the many options available using our two electronic services.

- Have complete **CONTROL** of your debit card activity by using our **FREE** "MobiMoney" mobile app. Download from your favorite mobile app store.

Turn your card off when not using it

Set dollar limits on allowed transactions

Receive transaction alerts

View recent transactions

Limit where your card can be used and what it can be used for

We strongly encourage you to take advantage of the many options First Bankers Trust Company, N.A. offers our customers so you can be aware of ALL activity taking place on your accounts.

YOU control your accounts - not the bad guys who are up to no good.

Contact the bank if you have questions about any of our products and services 1-877-228-8001. Visit our website www.firstbankers.com and follow us on facebook.com/firstbankers.
